**SUB:Clarification Regarding Discrepancy in Tender Documents**

Thank you for your email and for bringing this to our attention.

Upon review, we have identified that there was indeed a clerical typing error in Row "L" of the financial bid calculation sheet. The cost mentioned in Row "L" should be read on a per-day basis, consistent with the rates outlined in Row "A" for all categories of security guards. **Read Row "L" i.e Totalcostpermonth(J+K) as Total cost per Day (J+K)**

We appreciate your understanding, and we will ensure that the necessary amendments are made to the document to resolve this issue. Should you require any further clarification or have additional queries, please do not hesitate to reach out.

Thank you for your patience and cooperation.
